KAUR moves outside

With the closing of Old Main imminent, the studio of KAUR-FM 89 is moving to a new home eventually. Due to an administrative botch, the station, originally slated to move to Tuve Hall this summer, will instead be located outdoors.

According to KAUR executive Dan Iseminger, the open-air decision was made to strengthen KAUR's transmitting signal. "We figured if we set up a card table on the green, we wouldn't have to transmit through all that brick and other junk," said Iseminger.

KAUR's 1985-86 executive staff looks over operations at their new studio site.
